## W03-P2: show reviews[0] info when DOM is loaded

The screenshot shows a Visual Studio Code editor on the left and a web browser on the right. In VS Code, the file `w03-reviews_starter.js` is open, showing JavaScript code. A red box highlights the `DOMContentLoaded` event listener that logs the first review item to the console and updates the DOM. The browser shows a page titled "Our Reviews" with a profile for Susan Smith, a web developer. The console on the right shows the log output of the first review item.

```
const reviews = [
  {
    id: 1,
    name: 'Susan Smith',
    job: 'web developer',
    img: 'https://res.cloudinary.com/d1qaf3eq2/image/upload/v158688333/4/person-1_rfzshl.jpg',
    text: 'I\'m baby meggings twee health goth +1. Bicycle rights tumeric chartreuse before they sold out chambray pop-up. Shaman humblebrag pickled coloring book salvia hoodie, cold-pressed four dollar toast everyday carry'
  },
  {
    id: 2,
    name: 'Anna Johnson',
    job: 'web designer',
    img: 'https://res.cloudinary.com/d1qaf3eq2/image/upload/v158688341/6883409/person-2_np9x5l.jpg',
    text: 'Helvetica artisan kinfolk thundercats lumbersexual hion axe photo booth jean shorts artisan narwhal.'
  },
  {
    id: 3,
    name: 'Peter Jones',
    job: 'intern',
    img: 'https://res.cloudinary.com/d1qaf3eq2/image/upload/v158688341/7/person-3_ipo0mj.jpg',
    text: 'Sriracha literally flexitarian irony, vape marfa u.hell of pabst raclette post-ironic jianbing swag.'
  },
  {
    id: 4,
    name: 'Bill Anderson',
    job: 'the boss',
    img: 'https://res.cloudinary.com/d1qaf3eq2/image/upload/v158688341/83423/person-4_t9nxjt.jpg',
    text: 'Edison bulb put a bird on it humblebrag, marfa poké-up 3 wolf moon tote bag street art shabby chic.'
  },
  {
    id: 5,
    name: '黃俊凱',
    job: '還沒有工作的前端工程師',
    img: 'https://obsbeppzfkzhoollzois.supabase.co/storage/v1/object/public/demo-93/md_img/w03/rickroll_4k.jpg',
    text: '目前只是個普通的大學生而已'
  }
];

const prevBtn = document.querySelector('.prev-btn');
const nextBtn = document.querySelector('.next-btn');
const randomBtn = document.querySelector('.random-btn');

let currentItem = 0;

window.addEventListener('DOMContentLoaded', () => {
  const item = reviews[currentItem];
  console.log('item', item);
  img.src = item.img;
  author.textContent = item.name;
  job.textContent = item.job;
  info.textContent = item.text;
});
```

51b8dac Jun206 Thu Mar 2 20:25:27 2023 +0800 W03-P2: show reviews[0] info when DOM is loaded

## W03-P3: implement next button and show the sequence in console.log

The screenshot shows a Visual Studio Code editor on the left and a web browser on the right. In VS Code, the file `w03-reviews_starter.js` is open, showing JavaScript code. A red box highlights the `nextBtn` event listener that increments the `currentItem` and logs the next review item to the console. The browser shows the same "Our Reviews" page, but the next button is now highlighted with a red box. The console on the right shows the log output of the next review item.

```
const showReview = (person) => {
  const item = reviews[person];
  console.log('item', item);
  img.src = item.img;
  author.textContent = item.name;
  job.textContent = item.job;
  info.textContent = item.text;
};

window.addEventListener('DOMContentLoaded', () => {
  showReview(currentItem);
});

nextBtn.addEventListener('click', () => {
  currentItem++;
  if (currentItem > reviews.length - 1) {
    currentItem = 0;
  }
  // console.log('currentItem', reviews[currentItem]);
  showReview(currentItem);
});
```

b9fa804 Jun206 Thu Mar 2 20:36:59 2023 +0800 W03-P3: implement next button and show the sequence in console.log

## W03-P4: implement prev button and show the sequence in console.log

The image shows a development environment with Visual Studio Code on the left and a browser preview on the right. The browser displays a web page titled "Our Reviews" featuring a review card for Anna Johnson, a Web Designer. The console on the right shows the sequence of reviews being displayed, with the current review being Anna Johnson's.

**Visual Studio Code Editor:**

- File Explorer: Shows the project structure for "w03-reviews\_starter".
- Code Editor: Displays the `app.js` file with the following code:

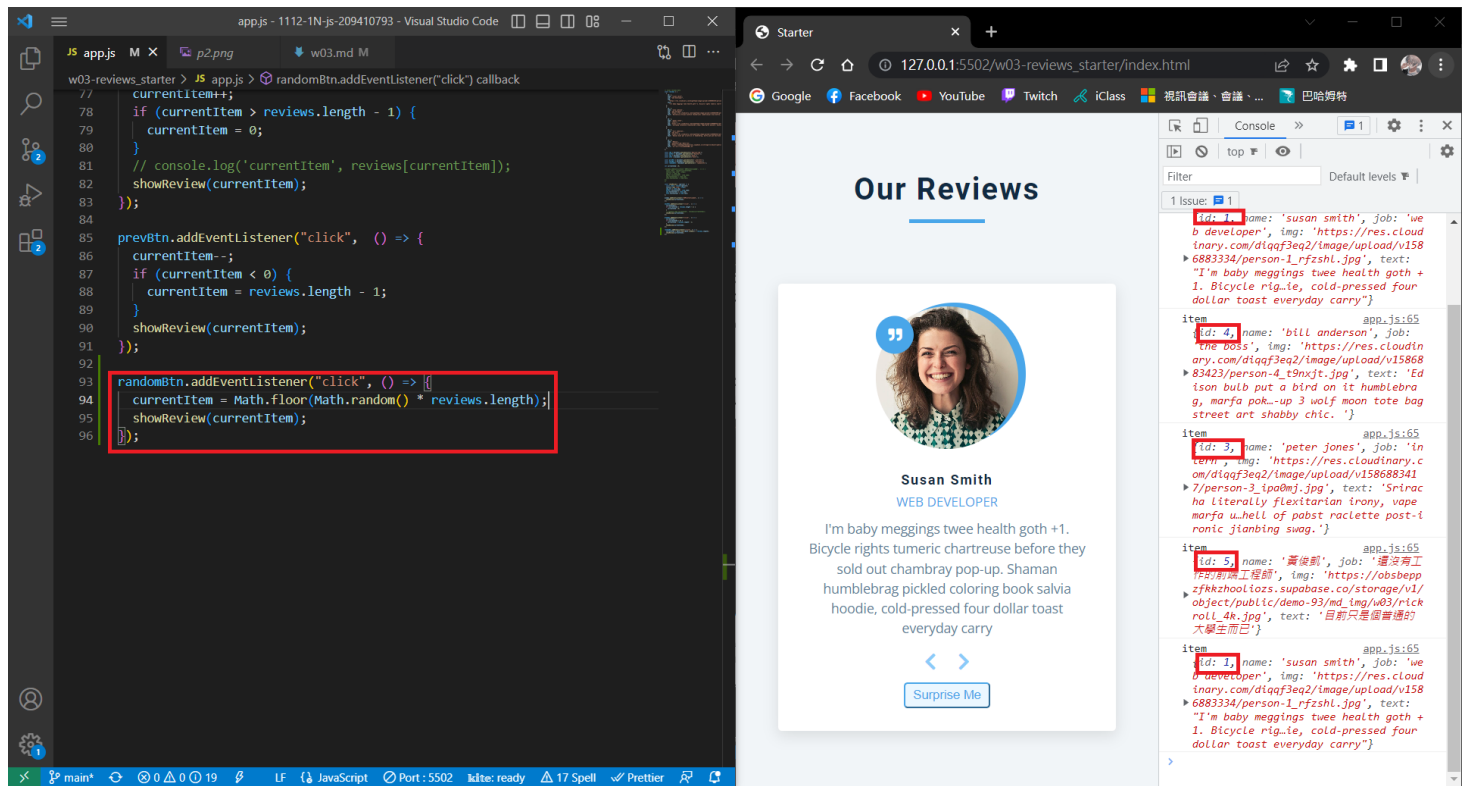

```
71 window.addEventListener('DOMContentLoaded', () => {
72   showReview(currentItem);
73 });
74
75
76 nextBtn.addEventListener("click", () => {
77   currentItem++;
78   if (currentItem > reviews.length - 1) {
79     currentItem = 0;
80   }
81   // console.log('currentItem', reviews[currentItem]);
82   showReview(currentItem);
83 });
84
85 prevBtn.addEventListener("click", () => {
86   currentItem--;
87   if (currentItem < 0) {
88     currentItem = reviews.length - 1;
89   }
90   showReview(currentItem);
91 });
```

**Browser Preview:**

- Address Bar: `127.0.0.1:5502/w03-reviews_starter/index.html`
- Page Title: "Our Reviews"
- Review Card: Displays a review for Anna Johnson, Web Designer. The card includes a profile picture, name, job title, and a paragraph of text.
- Buttons: "Surprise Me" button at the bottom of the card.
- Console: Shows the sequence of reviews being displayed, with the current review being Anna Johnson's.
